

## Carrier Deployments for Westpac and Vietnam 1964-1975

### Data Sheet #29

*This data sheet provides a listing of the United States aircraft carriers that participated in either Westpac and/or Vietnam deployments. This listing does not, however, distinguish which individual deployment was Westpac or Vietnam. It is safe to assume that each carrier that made a Westpac deployment did in fact spend time in Vietnam during the time period of 1964-1975. In addition, the squadrons that were deployed with the carriers are also listed. Our first carrier was on station in 1964 and the last one left in 1975 according to the source from which I obtained this information.*

*The carriers are listed in an individual ship format in the order as their deployments occurred by date of arrival and departure.*

*This Data Sheet was completed by James (Jim) W Woodley JR (11500) November 2003.*

## **Footnotes**

1. VAW-13's records for 1966 do not show which carriers they operated aboard. However, records do indicate VAW-13 Det 1 ( Cubi Point , PI ) provided detachments in support of fleet strikes from the carriers on Yankee Station.
2. VAW-13 did not submit a Command History for 1967. This made it virtually impossible to verify which squadron detachments were on board carriers on Yankee Station in 1967.
3. VQ-1 Command History Report for 1967 did not show detachments or identify carriers they operated off of in Vietnam.
4. VAP-61's Command History Report for 1968 showed continued support of the 7<sup>th</sup> Fleet carriers on Yankee Station, however, they did not reflect the detachments or carriers they operated aboard in Westpac 1968.
5. HC-7 established 01 September 1967. In 1968 an HC-7 detachment was Formed and given the responsibility of maintaining year-round combat helicopters aboard carriers and other ships operating on Yankee Station for combat search and rescue. The records of HC-7 do not identify all ships that detachment 110 operated aboard.
6. VQ-1 detachments maintained support to carrier operations in Vietnam. The 1968 records do not show any detachments that were on carriers operating on Yankee Station.
7. VQ-1 and VAP-61 detachments provided support from Da Nang Air Base, Republic of South Vietnam for fleet carriers operating on Yankee Station in 1969.
8. On 30 June 1975 all carriers with the designation CVA or CVAN were Changed to CV or CVN to show multi-mission capability of the carrier.
9. CVSG-- Anti Submarine Warfare Aircraft Carrier Air Group
10. CVW--Carrier Air Wing
11. CVS--Aircraft Carrier, Anti Submarine
