

USCS Log 1996 Index

This Index lists items of permanent or long term reference from # 1-12 of Volume 63. Items are listed by subject and author for regular monthly columnists. Items which may be located in other USCS reference material, such as Data Sheets and the *Catalog of United States Naval Postmarks* or which are available in reference texts such as the United States Naval Institute *Almanac of Naval Facts* are not included. USS & USCG are eliminated with ship/cutter names for simplicity.

USCS Log 1997 Index

This Index lists items of permanent or long term reference from # 1-12 of Volume 64. Items are listed by subject and author for regular monthly columnists. Items which may be located in other USCS reference material, such as Data Sheets and the *Catalog of United States Naval Postmarks* or which are available in reference texts such as the United States Naval Institute *Almanac of Naval Facts* are not included. USS & USCG are eliminated with ship/cutter names for simplicity.
